

LOCKSMITHS

Anti Robbery + Fire Resistant Safe

Fire Resistant Filing Cabinet - Model 90/4

Securing Peace of Mind

- At Home
- At Work

Certified and Listed at SP Sweden and UL USA.

In minutes, a fire can wipe out your business and change your life. It takes very little time to start a fire, a carelessly thrown cigarette butt, and an electrical short circuit, things that happen through sheer carelessness, events that are not even in anyone's control.

Fire devours paper rapidly and greedily. It takes a lifetime's work to set up a business but a few minutes to destroy it. The record of transactions, policies, accounts receivable and payable, statements, licenses, agreements, formulae and blue prints are invaluable.

You can get compensation through insurance, but once your vital documents turn to ashes, there is absolutely no recovery. So, make a wise decision before it is too late.

Features:

- More Protection Through Robust Construction
- Fire Tested & Certified as per NT 017- 90 P
- 90 minutes Fire Resistant
- Tongue and Groove Construction
- All round protection for each drawer

Specifications:

- Weight: 410 kgs
