

LOCKSMITHS

Fire & Burglary Safe

HS Series - HS-2D

With almost twice the internal capacity of the smaller size, the HS-2 safe is an ideal solution to increase secure storage without occupying additional floor space.

While maintaining the same high standard of construction and security features, the HS-2 offers more flexible interior configurations and better use of internal storage space.

At over 70kg, the HS-2 is more than capable of securing domestic valuables, as well as providing 30 minutes of fire resistance.

Features:

- 12mm thick solid steel door
- 6mm thick steel body with 12mm fire panel
- 30 minute fire protection
- Internal hardened steel anti drill plates
- Case mounted relocking device
- Hinge side anti pry protection
- Carpet lined interior walls and shelving
- 4 internal recessed bolt down provisions
- Universal lock footprint for easy lock conversion
- 5 year structural warranty to safe
- US made LaGard digital locks or Australian made key locks as standard
- Durable painted finish
- Exterior lift off hinges
